Time Trial *focus*

NEWS AND NOTES FROM THE SCCA TEXAS REGION TIME TRIALS.

As you are planning your year, We need to update our schedule. Some Tracks are being added to our schedule, some are in the middle of renovations, and our schedule is flexing along with the changes

Changes in our calendar for 2019

Change is in the air for Texas Region Time Trials for 2019. We have made our first change after we announced that our March event has been moved to September. This move allows us to run a great new concept and will add a Time Trials Enduro event. This will give our drivers a chance to add additional strategy to our already challenging events.

Our June schedule is changing with a venue and date move to the weekend of June 29th and 30th at Circuit of The America's in Austin! We will partner with sister region -Lone Star to run at one of America's premier tracks. This event will be limited in space and require our participants to run without our usual

Driving school.

We will be sharing track time with Club Race for 2 events on back to back days. Registration will open April 15, details to be announced at Texasscca.org and our **Facebook** page soon!

July also brings back our fun Snow Cone event in conjunction with a Targa Race. This fun event will allow our drivers to run for the Targa championship of 2019 at the same time as running for season points in Time Trials, Solo or Rally.

November will be highlighted with another Double event weekend, this time we will share our event with SCCA Club Race school. Participants in the school can earn their provisional race license for the following season

Road Trip

Austin 2019

SCHEDULE WATCH – Targa 2019

July Will bring the first Texas Region Targa event to our drivers. July 27th will start with driver teams enjoying our Time Trials at the widely anticipated Eagles Canyon Raceway. That afternoon, Targa participants will head out onto leg two of their event, a Road Rally and party event all SCCA members are encouraged to attend. The event will finish the next morning with a Solo Autocross event at Lone Star Park in Grand Prairie. Points for all 3 disciplines will go to both the Targa championship, and the individual standings for 2019!

Time Trials Enduro? Fun Factor – 11!

Our first ever Time Trials Enduro event will test your strategy, Endurance, and planning in one fun event.

Texas Region will be bringing a new format to Time Trials for 2019. September 21 will see a double event in one day. This event will be hosted by Motorsports Ranch in Cresson Texas and will feature a traditional Time Trial event of 3 runs for time in the morning hours. After a break, the course will change direction, and run groups will be re-aligned by time, and not class. New classes will

be assigned for the Enduro The new classes begin their event in grid in inverted order based on time. As the green flag drops, Drivers are in for 45 minutes of skill, driving planning, possible pit Strategy and the need to think like an endurance racer. Penalties for time will include, no passing signals allowed, off-track excursions for any tire off the pavement will require a 1 ½ minute stop in the hot pits. Fueling will be relegated to grid and must utilize all safety gear. Passing will be by Point by only. Penalties will be

assessed in hot pits by the chief and time will be added to your stay in the penalty box. The winner will be determined by # of laps and track position at the conclusion of 45 minutes.

2019 Enduro Class Champions will be awarded at the event, with Trophies provided by partner – Vorshlag Motorsports

“ This event has the chance to set a new standard for fun, skill and discussions for years to come ”
- BRAD FLACK
